

Glass Ice Remover 250 ml (A455)

There are many certainties in the life: one of these is ice forming on the windshield of the car during the winter. This Ambro-Sol product helps you to solve this problem. This product can be applied before cold conditions to help prevent formation of the ice; and it operates after the formation of ice to help quickly dissolve, leaving a clean and clear windshield.

GLASS ICE REMOVER – Multifunction product specifically used for dissolving and quickly removing the ice from a car's windshield and windows. It also cleans to ensure perfect visibility. When applied proactively, it prevents ice formation.

Technical Specifications:

Barcode	EAN:8034108890531
Quantity	250 ml
Box	12 Pz.
Aspect	Tin-Plate can containing under pressure fluid
Color	Trasparent
Odour	Characteristic of solvent
Relative density	a 20°C 0,66 ÷ 0,70 g/ml
Flash point	und. 0° C extremely flammable
Pressure at 20°C	5/7 bar
Initial point of boiling	82 °C (liquid base)
Interval of boiling	82°C - 85°C (liquid base)
Flash point	10 °C (liquid base)
Vapour tension	34,80 a 20° C (liquid base)
